Extend Your Outdoor Living Space

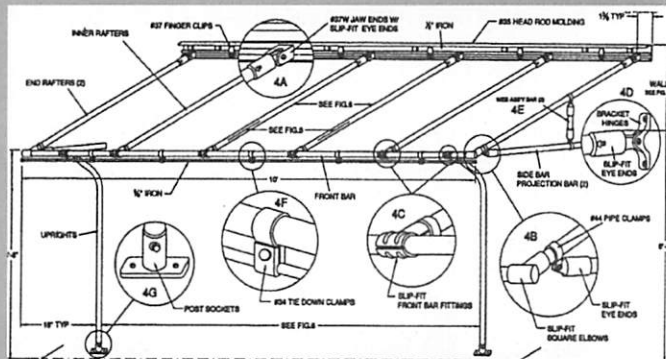

— *RAIN or SHINE* —

**Studies show that it is 20 to 25 degrees cooler under an awning
— Add a Ceiling Fan and be even Cooler—**

CAPITOL AWNING has been building and servicing awnings in the Richmond Area since 1930.

We fabricate all of the frames in-house and sew our own covers right here in Richmond. Our Fabric Room Manager has been with **CAPITOL** since 1956, but we keep up with technology with the only PUR fabric welder in the Eastern US. Also, we do all the work ourselves – no subcontractors are ever involved.

We Encourage you to Visit our Richmond Plant/ Showroom

WHY A STATIONARY AWNING?

- Leave Up All Year Long
- Adds Color and Style
- Shades Outdoor Pets
- No Concerns in Inclement Weather
- Keep the View, Lose the Heat
- No-Touch, Always There
- Blocks the Sun, Not the View
- Reduces Air-Conditioning Costs
- Protects Expensive Outdoor Furniture
- Reduces Glare with Sides and Ends
- Impromptu Mud Room for Dirty Outside Items
- Creates a Bug-Free Zone With Insect Curtains

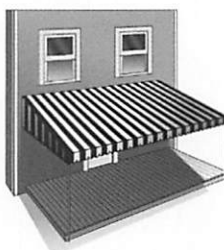

OPTIONS:

- Powder-Coated Square Columns
- Architectural Columns
- J Form (Gooseneck) Columns
- Insect Screens
- Drop Curtains
- Drop Valences
- Custom Stripes
- Graphics
